INTERNATIONAL PUBLIC NOTICE

Many people are noticing a lot of executive orders coming out of the states within States and becoming full communist totalitarian dictatorships. The reason is that the executive orders are not coming from the Governors, they are coming through a fake office created by a foreign power and the traitors usurping power that were hand picked by the Security Council of the United Nations issuing orders through the corrupt World Health Organization operated by a well known war criminal. Yes, the man running the W.H.O. is a war criminal and human rights violator in Ethiopia.

We looked at the constitution of the State of New Hampshire wherein it reads: There shall be a supreme executive magistrate, who shall be styled the Governor of the State of New Hampshire, and whose title shall be His Excellency. LINK

A style of an office cannot be changed at any time in any document written through out the life of the State otherwise the document has no standing within the State and is in fact a fake.

Some how when the terms defacto and dejure came about in popularity back in the 90's, the definition of the terms are in

International Public Notice: Sean Will Gary Beller

The Government of The United States of America and the people thereof hereby stands as second as it pertains to the validity and accuracy of the diagnosis of "Mentally Defective" declared against Sean Will Gary Beller on or about 11-28-2014. LINK

It has been this Governments experience that Sean Will Gary Beller is in fact Mentally Defective and have many witnesses to that fact and the people agree with the diagnosis. Sean Will Gary Beller is a danger to himself and others.

debacle today to cause confusion. Defacto and Dejure has nothing to do with public and private, anyone claiming that premise is a scam artist trying to cause confusion.

The real definition is this:

While acts of a *de facto* incumbent of an office lawfully created by law and existing are often held to be binding from reasons of public policy, the acts of a person assuming to fill and perform the duties of an office which does not exist *de jure* can have no validity whatever in law.

An unconstitutional act is not a law; it confers no rights; it imposes no duties; it affords no protection; it creates no office; it is in legal contemplation as inoperative as though it had never been passed. [LINK](#)

As everyone can see, nothing to do with public or private, it has to do with the style of offices in constitutions which was taught in the 90's.

When the person or persons are writing executive orders from states within States, they always change one or two little things within the writings to let you know it is a fake.

Here is a fake executive order signature from New Hampshire: [LINK](#)

GOVERNOR OF NEW HAMPSHIRE

As everyone can see, this executive order was never signed by anyone and anyone that enforces it is a traitor and is committing treason against the State of New Hampshire thereby helping a foreign power with intent to overthrow the State of New Hampshire.

Many of the traitors will claim that this is a typo, an oversight, will ask what does it matter? However, go and try to register a business with the State of New Hampshire and fill out the form with two similar names of a business in the same form and the Secretary of State will claim you are trying to start two separate businesses on the same form and ask you to fill out two separate forms for two separate businesses. It matters.....

Go and check out all of the executive orders coming through the Governors Association and everyone will see that all of the executive orders are fakes in one way or another. We still have a

We did not claim the Spiritual Kingdom of Heaven!

The reign of the heavens is a country on earth created by Jesus within Naphtali and Zebulun! We are not crazy to claim Heaven itself and step on the Most High's domain and we recognize that the earth is his footstool. We also know that the term Kingdom of Heaven is in the King James version which makes it appear as if we are claiming heaven but we are not. People have a hard time understanding that Jesus left us all something, the ability to have a status outside of any Monarchy on earth which is why the Monarch's hid the country from everyone for over 2000 years. The Monarch's could no longer make us stateless and we no longer had to be under Ceasar as subject or citizens of the reign of the heavens. Once a citizen of the reign of the heavens, you already have a lord and savior and no earthly King can lawfully claim you. We are talking about your flesh and blood body, spirit and soul. The Government of The United States of America deals with persons, 11 For there is no respect of persons with God. There are no persons within the reign of the heavens. This is our interpretation of the reign of the heavens because when it was established, the process of establishment followed the same process as establishing a country as written in the Law of Nations. If anyone sees fault with this interpretation with a quote from the new covenant, please come forward so we may alter or fix any problems. It is not our intent to change the word of God. hard time explaining to people that there is no such thing as a U.S. citizen because the term is not written anywhere in a constitution and therefore a constitution cannot recognize that term.
